

Declaration of the Producer

Zakłady Przemysłu Gumowego
"SANTOCHEMIA"
ul. Warszawska 86
05-311 Dębe Wielkie

- 1. Producer:** The Manufacture Industry of Rubber
„Santochemia” Work Co-operative
Warszawska Street 86
05 – 311 Dębe Wielkie
- 2. Product:** The rubber electroinsulation matting about dimension :
750 mm x 750mm / 1100 mm x mb, thickness 5 $-0,2/+0,5$ mm, colour brown, class 2
according to PN-IEC 61111
- 3. Statistic classification of the product:** produced according PN-IEC 61111 :2002
„Matting of insulating material for electrical purposes” + A1:2004, Ap1:2003.
- 4. Usage and scope of application:** The rubber electroinsulation matting can be use as an
additional electro-insulating protective equipment to service electroenergetic machines
with the nominal voltage 17 kV (for alternating tension) and 25 kV (for direct current).

We declare with full responsibility that all delivered by us Rubber electroinsulation matting having marking on the product confirming the research on electroisolation properties and enclosed testifying to the result the tension attempt, are matching the ducument of the reference mentioned in point 3 of the declaration.
