

BC2410A

### Products details

**Input voltage:** AC220V~240V/50Hz(AC110V~130V/60Hz)

**Rated power:** 24 W

**Output voltage:** DC 12V/24V

**Max. charge current:** 10 A

**Rated charge current:** 2.5~5 A

### Specifications

- 1.Overheating protection
- 2.Short circuit protection
- 3.Over-current protection
- 4.efficient,security,automation

### Protection:

- 1.Over-heating protection
- 2.Short circuit protection
- 3.Over-current protection

### Characteristics:

- 1.Efficient
- 2.Security
- 3.Automation
- 4.charging current display
