

## Specification

Item No.	Crimping capacity (mm <sup>2</sup> )	Length(mm)	Weight(kg)
HT-200R	RJ10(4p) 7.65mm RJ11/12(6P) 9.65mm FJ45(8p) 11.68mm	205	0.51

## Feature

- The components of the crimping tools are made of special steel
- Desifgn according to human factors engineering ,it can save 50% energy when crimping
- Precise crimping die sets and integral lock ensure high-quality crimping effect after crimping repeatedly
- Accurate adjustment before ex works delivery
