CE ISO9001:2000

Item No:CFP-800

Name:Hydraulic Foot Pump

type: foot

max output pressure:low pressure:20kg/cm² high,
pressure:700kg/cm²

output of the oil:low pressure:13cc, high pressure:2.3cc

capacity of oil: 850cc

direction of piston:double

weight: approx..8.00kg

measurement(L*W*H):450*150*200mm

CHARACTERISTIC:

Operation output pressure 700Kg/cm²

Use 2M high pressure oil tube, with fast connection
point.

USE R32R super circulation oil or SHLL T-15

PT3/8" screw thread.

Oil must be changed every half year.
